

COPPER DRIP EDGE STYLE CR110

Copper Drip Edge

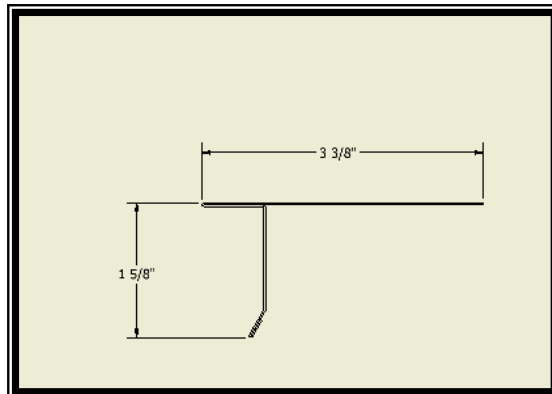

Style: CR110

SPECIFY ROOF PITCH
WHEN ORDERING

Drip Edge by Copper Manor is the perfect element to add distinction to any home or structure. This classic architectural element, which is both rigid and long lasting,

Style CR110- 158- 12- 12

Style CR110—158- 90

has been used for centuries on a wide variety of architectural styles. Please note that copper will stain surfaces including but not limited to stucco, brick and stone and that copper will naturally change colors as part of the aging process. These unique variations add distinction and character to the architectural styles.

CUPOLA STYLE CR410

CUPOLA

Style: CR410

Copper Manor's decorative cupolas are handcrafted using 24 oz. copper to ensure the highest of quality standards. Cupolas are available in a variety of styles, sizes and finishes including natural or patina. Please note that copper will naturally change colors as part of the aging process and that copper may stain surfaces including but not limited to shingles, stucco, brick and stone. These unique variations add to the character of the old world style.
